NEED TO LOCATE
BURIED PIPES
or **CABLES?**

PL-VF Series

Technologically advanced, customizable multi-frequency Utility Pipe and Cable Locators, 3 different models, from 0.5 W to 10 W output power options, with blue-tooth connectivity between receiver and transmitter.

PL-TT Series

Is a basic entry level locator, with 4 locating modes, including depth and ferrous metal modes, 3 W output power and 5 different frequencies. Rugged and lightweight carbon fiber receiver with simple, but accurate operation.

PL-G

Reliable and highly accurate Pipe and Cable Locator. With 3 W output power and AC live cable 50/60Hz detection. Three frequencies and 4 different detection modes.

PL-2000

Underground Pipe and Cable Locator. With 3 active frequencies. Mix mode transmits all frequencies simultaneously. Detects "Poor Ground" connectivity. It detects 512 Hz and 8 kHz sonde frequencies.
